

9th October 2023

Dear Parents/Carers

We are offering Year 10 students a first chance, and Year 11 students another chance, to buy CGP GCSE Science revision guides at a discounted price. These guides will be relevant for the whole of their Science GCSE course, they explain the GCSE course content and include exam practice questions. These books are an excellent resource to support home study and independent work throughout Year 10 and 11 as well as for revision.

The books can be purchased using the Sir Bernard Lovell Academy's online payment system, as we no longer accept cash or cheques. If you have not already got a Scopay account, please contact the school by email at enquiries@sblacademy.org.uk.

Once you have signed in, you are looking to choose one of the following options depending on what course your child is on:

Option 1: for triple science students - 'separate science complete revision and practice books'. Which will cost £18.27

Option 2: for combined science students - 'combined science revision guide.'
Which will cost £6.09

Please order your revision guides by Friday 8th December 2023.

Once payment is processed, the revision guides will be given to students directly via their science teacher. However, this may be delayed if there is high demand during peak times of the year, but revision guides will be handed out once they are back in stock.

Kind Regards

Mrs Robinson
Science Teacher
