

Learning at home >> Geography

This work is in addition to any homework set by classroom teachers, homework can be found by using the 'insight' link on the homepage of our website.

If you would like any completed work marked, please pass it to school reception who will distribute it to the relevant classroom teachers.

YEAR 7	
Resource links: https://www.rainforest-alliance.org/kids https://www.nationalgeographic.com/environment/habitats/deserts/	Task(s): Use the national geographic website for research. Produce an informative leaflet about life in the desert. After this you could work through some of the activities on the rainforest alliance website.
YEAR 8	
Resource links: https://discoveringantarctica.org.uk/	Task(s): Look at the discovering Antarctica website. Design three activities that could be completed in class using this website. This could be an information sort, a crossword that you write clues for and the answers are on the website, or some questions from which the answers are on the website. Find out the name of the highest mountain on each continent. Write at each one sentence for each mountain locating it. (This means saying exactly where it is)
YEAR 9	
Resource links: http://www.reigate-school.surrey.sch.uk/MainFolder/academic/Revision-2-/Paper-2-human-development.pdf	Task(s): Use this handout all about development made by another school. Answer these questions. <ol style="list-style-type: none"> 1. What is development? 2. What is the development gap? 3. Why is the development gap there? 4. What can we do to help reduce the development gap? 5. What is the role of the EU in reducing the development gap?
YEAR 10	
Resource links: http://www.coolgeography.co.uk/	Task(s): Use the cool geography website to create revision resources to help you to prepare for upcoming tests and exams.
YEAR 11	
Resource links: http://www.coolgeography.co.uk/	Task(s): Use the cool geography website to create revision resources to help you to prepare for upcoming tests and exams.
