

11th May, 2021

Dear parents and carers,

Year 10 Practice Exams 2021

I am writing to inform you that Year 10 practice examinations will be taking place for your daughter/son in term six in the majority of examination subjects. These examinations will represent a very important point in your daughter/son's progress as they build towards final, external exams in spring/summer 2022.

These practice examinations this summer will begin on the 28th June 2021 and will run in the majority of subjects studied at Key Stage Four. These examinations will also be taken by Year 10 students in other Wellsway Multi Academy Trust schools.

Teachers will liaise with students and inform them precisely when examinations will take place as well as offering an understanding of the broad subject topics which will be examined. We are working across our Trust to finalise a timetable as I write this letter.

Your child's final end of year report will be received by you just before we break up in the summer term and we will use the results of these examinations to give you an indication of the progress made by your daughter/son. This information will be valuable for you, your child and our staff in order to understand what has been learnt well and where improvement is required in Year 11.

To help prepare further, details will follow in the form of communication home for parents and in lessons for students in the weeks ahead.

We have every faith that our students will undertake these examinations with the maturity, diligence and hard work that is necessary and our staff will work with your child in lessons to help them to prepare.

We would like to suggest that you encourage your child to begin preparations at home so that they are in the best place possible to undertake these practice exams which will take place at the end of next month.

Yours sincerely

Mr S White
Vice Principal
