

Provider Access Policy Statement (PAL)

Access for colleges, training providers, university technical colleges, universities and all other post 16 providers, including technical, vocational and academic routes and apprenticeships

Updated September 2023

This policy statement sets out the arrangements for managing the access of providers to students for the purpose of giving them information about the provider's education or training offer.

Pupil Entitlement:

All students in years 8 to 13 are entitled:

- to find out about technical education qualifications and apprenticeships opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point;
- to hear from a range of local providers about the opportunities they offer, including technical education and apprenticeships – through options events, assemblies and group discussions and taster events;
- to understand how to make applications for the full range of academic and technical courses.

In line with the updated Provider Access Legislation, from January 2023, all schools must provide a minimum of four / six encounters for all students with post 16 providers, as above. This is broken down into key phases: -

1st key phase	Year 8 or 9	Two encounters for students that are mandatory for all to attend
2nd key phase	Year 10 or 11	Two encounters for students that are mandatory for all to attend
3rd key phase	Year 12 or 13	Two encounters that are mandatory for the school to put on but optional for students to attend

These provider encounters will be scheduled during the main school hours and the provider will be given a reasonable amount of time to, as a minimum:

- share information about both the provider and the approved technical education qualification and apprenticeships that the provider offers
- explain what career routes those options could lead to
- provide insights into what it might be like to learn or train with that provider (including the opportunity to meet staff and students from the provider)
- answer questions from all students, including our most vulnerable and those with additional learning needs

As part of the Futura Learning Partnership, SBL Academy defines an encounter as at least 30 min, during the school day.

The school days runs from 08.40 until 15.05

This complies with the school's legal obligations under Section 42B of the Education Act 1997.

As part of our careers programme, we will consider requests from approved training, apprenticeship, technical and vocational education providers, including University Technical Colleges where appropriate, to speak to our students. SBL Academy will also approach these providers directly when planning and organising key career related events throughout the school year such as school assemblies, webinars within the curriculum, including live events, careers engagement events and parents evenings. Meaningful encounters may be planned using the [Making it meaningful checklist](#).

The quality and impact of careers provision at SBL Academy is monitored by our Senior Leadership Team, Futura Learning Partnership's Central Strategic Careers Lead and the West of England Combined Authority through Compass + auditing. Access and opportunity to engage with technical, vocational and training providers will form part of this process.

SBL Academy has a range of facilities available for providers to use in support of our careers programme. This includes a school hall, classrooms, conference room, IT rooms, Sixth Form Centre and Common Room, outdoor space and online conference platforms.
